THE
SOUTH-CAROLINA GAZETTE,

Containing the freſheſt Advices, Foreign and Domeſtick.

Monday, December 12*th*, 1743. [*Numb.* 507]

LONDON, Auguſt 18, 1743.

WE are informed that Capt. Purvis, in the Diamond Man of War, for Admiral Matthews's Fleet, with Stores, fortunately fell in with the great Spaniſh Privateer of 36 Guns, off Oporto, and after a ſhort Engagement took her, and has carried her up the Mediterranean along with him

Letters from Verſeilles ſay, That inſtead of raiſing ſeveral Thouſand Men out of Lorrain and Bar to augment their Troops, they are obliged to place ſeveral Thouſand Men in thoſe Dutchies, as they cannot depend upon the Fidelity of the Inhabitants.

Some private Advices from Paris inform us, That the Spaniards having attempted a Paſſage through the Mountains into Piedmont, had met with a ſevere Check, and had been obliged to abandon their Enterprize.

Auguſt 24. The Empreſs of Ruſſia has declared that ſhe will aſſiſt Sweden with all her Forces, in Caſe that Crown be moleſted on Account of the Election of Duke Adolphus Frederick.

There has been lately diſcovered at Petersburgh, a moſt dangerous Conſpiracy, as well againſt the Life of the Empreſs, as for overturning the Government: On this Occaſion ſeveral Perſons of Diſtinction of both Sexes, and the Czarina's Phyſician, have been ſeized and committed to Priſon.

Auguſt 26. Since the Report of the Allies Intention of attacking Lorrain has reach'd Tuſcany, the Lorrain Regiments there are all deſerted, in Order to get Time enough into Flanders, to ſerve under that brave General Prince Charles.

Some private Advices from the other Side of the Water ſuggeſt, that *Cupid* is in the *Field* as well as *Mars*, ſo that we may ſhortly expect to hear of a *Match* between a victorious *Hero* of *Sixty*, and a moſt celebrated *Beauty* of *Fifteen*.

Letters from the Hague and Bruſſels adviſe, That Colonel Mentzel, at the Head of 2000 Huſſars, has penetrated into Lorrain, and totally defeated, near Zaer-Louis, a Detachment of French Huſſars commanded by the Partizan Gallo.

Letters from Paris bring a Confirmation, That a new Regulation has paſſed in the Council of State relating to their Privateers, which is ſo much to their Advantage, that the Province of Bretagne alone, engages to fit out upwards of 500 Ships, in Caſe of a War with England.

Extract of a Letter from Paris, Aug. 19.

We have private Intelligence here, that Spain has offer'd Great-Britain, (1*ſt*) Fort St. Auguſtine and a free Trade; and (2*dly*) to enter into the Confederacy, in order to compel France to give up Lorrain, that Don Philip may have Tuſcany. It is incredible what Conſternation this News has thrown People into here: Some on the other Hand do alledge, theſe Plans are thrown out on purpoſe to quiet the Nation, and diſpoſe them to the new Schemes which Cardinal Tencin intends ſhortly to break to his Pupil, and the few Perſons he ſuffers to be admitted to thoſe Conferences, which are obſerved to be held previous to all Councils of State. We talk of nothing now but Plots, Conſpiracies and Inſurrections, which is imputed to this new Miniſter, who would be glad by ſome Acts of Severity to fix his Power.

Brigadier Blakeney's and Colonel Cotterell's Regiments of Marines, who were reduced to ſixty private Men at the late unfortunate Siege of Carthagena, are now fully compleated; and we hear will ſhortly embark for the Fleet under Admiral Matthews, in order to go on ſome important Expedition.

On the 14th Inſtant arrived at Dartmouth, the St. Anne and St. Rette, a Prize, taken by his Majeſty's Snow the Wooſf, ſome Days ago off Vigo, laden with Lead.

Yeſterday an Account came by private Letters, that the large French Magazine near Briſac, conſiſting of upwards of 200,000 Rations of Hay, was burnt by Accident the 18th Inſt. but did no further Damage.

We hear, That all the ſmall Men of War have receiv'd Orders to be ready to put to Sea on the firſt Notice.

There are ſeveral Men of War rebuilding in private Yards, and the Falkland the largeſt 40 Gun Ship, is getting ready with all poſſible Expedition at Burdelſon in Hampſhire, the the Command of which, it is ſaid, will be given to Capt. John Sperſholt, an old experienc'd Officer in the Navy.

The Government having contracted for a large

large Piece of Ground at the *Red-House* at *Depiford*, to build a Victualling-Office on, (the Leaſe of that on *Tower Hill* being near expired) the Commiſſioners have order'd a great Number of their Labourers down thither to dig, in order to the laying a Foundation.

CHARLES-TOWN, Dec. 12.

On Monday laſt his Majeſty's Ship the *Roſe*, commanded by Capt. *Thomas Frankland*, arrived here from *Boſton*, where ſhe has been compleatly refitted.

The ſame Day there fell a greater Quantity of Snow here, than has been known by the oldeſt Man living in the Province.

We have Advice, That Capt. *William Burnaby*, in his Majeſty's Ship the *Litchfield*, of 50 Guns, has, in one Cruize taken the following Prizes, viz.

Sept. 8 *Took the* Le Borie *Privateer Sloop, of* 10 *Carriage and* 12 *Swivel Guns, and* 60 *Men.*

Sept. 27. *Sunk and deſtroy'd the* St. Domingo, *a Privateer Sloop, off the Eaſt End of* Hiſpaniola; *Men run aſhore.*

October 14. *Took and ſunk the* St. Sebaſtian, *a Privateer, of* 2 *Swivel Guns and* 50 *ſmall Arms, at* Mona.

Took, the ſame Day, in Aquada-Bay, *the St* Antonio y les Animas, *of* 8 *Carriage and* 12 *Swivel Guns.*
